

Barcelona Tech City Tour

We are pleased to offer you the guided visit to One of Europe's foremost technology hubs.

Barcelona Tech City is a private non-profit organisation open to all Barcelona-based members of the local and global technology ecosystem.

It works with entrepreneurs, start-ups, consolidated businesses, investors, incubators, accelerators, company builders, universities, business schools, media enterprises, government agencies and other entities.

Barcelona Tech City is a project driven by local entrepreneurs that currently represents more than 800 businesses.
